## E X P E R I E N C E

### 1. ONOW Myanmar                                    (2022 - 2024)
Senior Frontend Developer

I have taken the frontend lead on

- **PWA Product (**React, Next, MUI, Redux, Redux-Saga, PWA, Axios, API binding, Git**)**
- **CMS Product (**React, Next, MUI, Redux, Redux-Saga, Redux-toolkit, Axios, API binding, Design Tokens, Git**)**
- **Design System** with **Design Tokens (**React, Next, Style-Dictionary, MUI**)**

 leveraging my expertise to drive their successful execution and delivery.

- **CRM Web App(**React, Next, Style-Dictionary, MUI, PWA**)**.

## 2. MT Coding - Tech                                          **(2021 - Present)**
Founder/Instructor

- As the founder and lead instructor of **MT Coding - Tech**, I have had the privilege of guiding numerous students through our programs. The positive feedback received from these students underscores the effectiveness of our teaching methods and the value of the education they receive.
- Here is students review **https://lnkd.in/gS3m6ysN**
- Taught basic website design principles, focusing on **HTML, CSS, JavaScript** and **Bootstrap**.
- Provided personalized feedback to foster student growth.
- Led students through constructing three diverse web projects.
    1. **https://developer-maythinn.github.io/bootstrap-template/**
    2. **https://developer-maythinn.github.io/simple-html-scss-template/**
    3. netflix clone
